

## Affinity Credit Union Mobile App

---

The Affinity Credit Union mobile app brings the full power of cooperative banking to your fingertips. Available for iOS and Android, the app provides secure, convenient access to your accounts 24/7, with features that rival or exceed what the major banks offer.

Key features include biometric login with Face ID or fingerprint, Interac e-Transfer for instant money transfers, mobile cheque deposit, bill payment scheduling, real-time spending analytics, and account aggregation from multiple institutions. All protected by 256-bit AES encryption and multi-factor authentication.

## Business Banking on the Go

---

For Saskatchewan entrepreneurs, the Affinity business mobile app provides multi-user access controls, payroll processing, invoice management, and cash flow forecasting. Manage your business finances from the job site, the farm, or the office with the same level of security and convenience as personal banking.
